

## A Quick Guide to Wazoku's new Microsoft Teams Personal App + Bot

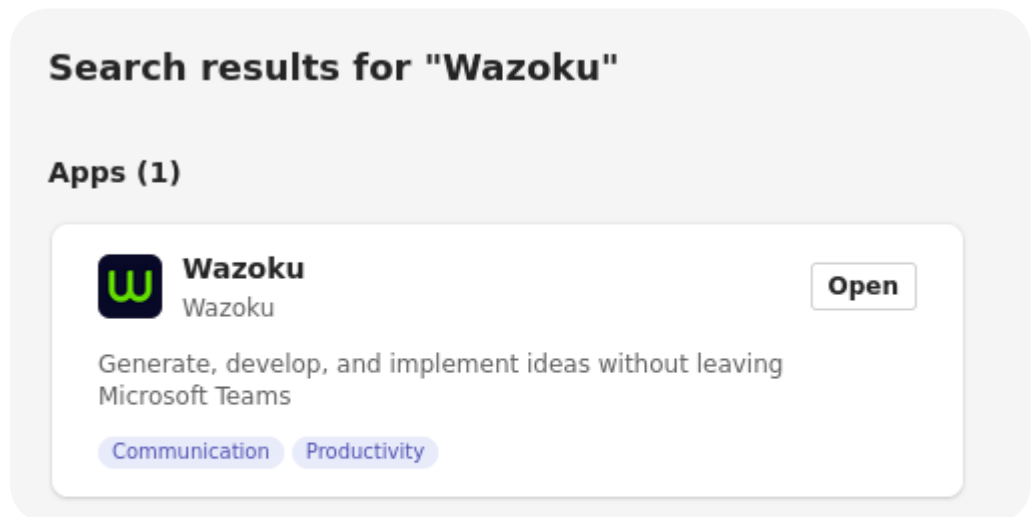

Our new product release is the latest update aimed at improving the Wazoku user experience. In this guide, you'll discover what the Personal App + Bot allows you to do, where you can find it, and how you can begin to use it today!

### → What does it do?

It allows you to use Wazoku from within Teams, so no need to jump between Microsoft Teams and their browser. Just install it and you're ready to go!

### → Where can I find it?

In the Microsoft Teams App Store. If you search for 'Wazoku' and you will be able to find it.

### → Where does the Bot come in?

Our brand new Wazoku Bot takes the in-Teams Wazoku experience to the next level, pushing notifications to users so that they can keep up to date on any content they've engaged with.

### → This all sounds great. How do I get started?

[NOTE: This is for Platform site Admins]

Our Support Team has put together [this handy guide](#) on how to connect Microsoft Teams to your platform, so follow these easy steps to get started and use our new Teams integration!
